

User Macro: me-image - Image lightbox with fancybox

This requires the [User Macro: include-lightbox - Slimbox2 including](#) macro on the page also

Name	me-image
Macro Body Processing	No macro body
Output format	HTML

A kind of pre-requisite is the [include-fancybox](#) macro, that attaches to the id "single image"

Code

```
## @param path:title=Status|type=string|required=true|desc=File Path
## @param image:title=Status|type=string|required=true|desc=Image Name
## @param group:title=Status|type=string|required=true|desc=Group

<a id="single_image" href="/media/${parampath}thumbs/800pxHigh/${paramimage}" rel="lightbox-${paramgroup}"
title="${paramimage}"></a>
```
