

# Using the Customware Redirection Plugin

 This Macro should not be used or considered as a security macro.

## In the Rich Text Editor (RTE)

This redirects every User to <http://www.atlassian.com>

This redirects all users that is not member of "sales-users" to <http://www.atlassian.com>

## In the Layout(s) for Global, Page, Blog post etc..

This redirects all requests to the Start page in the Public Space:

```
$helper.renderConfluenceMacro(" {redirect:Public:Start|0} ")
```

Placed in the Welcome Message:

```
{redirect:Public:Start|0}
```
