

Get movie Ready - Home Assistant / Node-RED Flow

This is a flow where a press on my [Tap Dial](#) button 4 does:

- Set the input source on my [Marantz AVR](#) to Apple TV
- Set the input source on my [Samsung TV](#) to HDMI (The Marantz AVR)
- If the [Philips Hue Sync Box](#) is not on:
 - Power on Philips Hue Sync Box
 - Set the input source on Philips Sync Box to HDMI
- Starts the Sync
