

jquery Styling samples

- [Remove Menubar](#)
- [Display all breadcrumbs:](#)
- [Hide Children](#)
- [Hide Likes and Label Container](#)
- [Pad External links with Arrow Icon](#)

Remove Menubar

```
.ajs-menu-bar
{
display: none;
}
```

Display all breadcrumbs:

```
<script>
AJS.toInit(function(){
AJS.$('#ellipsis strong').click();
});
</script>
```

Hide Children

```
<script>
AJS.toInit(function() {
  AJS.$("#children-section").css("display", "none");
});
</script>
```

Hide Likes and Label Container

```
<script>
AJS.toInit(function() {
  AJS.$('#likes-and-labels-container').hide();
});
</script>
```

Pad External links with Arrow Icon

Download Icon: <http://www.mos-eisley.dk/download/attachments/28344459/ExternalLinkArrows.jpeg>

```
<script type="text/javascript">
AJS.toInit(function(){
  AJS.$("a[class='external-link']").after(' ');
});
</script>
```

Same, but open in a new window:

```
<script type="text/javascript">
AJS.toInit(function(){
  AJS.$("a[class='external-link']").attr("target", "_blank").after(' ');
});
</script>
```
