

# Atlassian Home

<p>CREATE</p> <p> <b>Confluence</b></p> <p>Create rich documents for sharing and collaboration. Great minds think together.</p>	<p>TRACK</p> <p> <b>JIRA</b></p> <p>Track everything – bugs, tasks, deadlines, code – and pull reports to stay informed.</p>	<p>CODE</p> <p><b>Dev Tools</b></p> <p>Browse, review, test, and host your code with our suite of Dev Tools.</p>
--	---	--

[Atlassian](#) is an Australian company, delivering solutions for Collaboration and Software Development / Task Management.

I use, manage and develop for both Confluence and JIRA - Both for Netic, Netic's customers - and private for my homepage. Below is Info, Tip and stuff for both platforms.

As I run my Atlassian software on "free" licenses Thanks to Atlassian, all stuff'n'tips'files You can download from THIS SPACE is free.
