

Different Loggings

By the Pageview Event

Refer to [Logging PageEvents to Elasticsearch](#) [Logging PageEvents to Splunk](#) [Logging PageEvents to Statsd \(Datadog\)](#)

An interesting part here is that the graph is equal to the "[By Apache logging \(200 OK\)](#)" graph, as PageViewEvent only occur on HTTP Code "200 OK"

By Apache logging

By Apache logging (200 OK)
